# CHAIRPERSON'S STATEMENT

Since moving to the area in 2019, it has been a joy to dive deeply into Orange County and experience a one of a kind community and culture. Becoming involved in the United Way of Orange County has been such a blessing, and I was honored to serve as the Board Chair this past year.

Serving on the Board, I have been able to see firsthand the impact our organization has on our community. Not only with providing much needed funds to nonprofits, but also making connections and providing volunteer opportunities. In 2023, and now in 2024, so many families are working but not able to stretch their paychecks due to rising costs. United Way funding helps our friends and neighbors stay above water when times are tough.

I am so proud of the work the organization accomplished this year. We launched a Community Impact Survey to understand the needs of the community to help us determine where our funds can make the most impact. We have also continued working to develop a strong Strategic Plan to guide the organization for the next several years and help it grow to new heights. This work could not have been accomplished without our incredible Board and Staff. Thank you to Maureen, Kristin, Laci and the Board members for all that you do.

I know that the United Way of Orange County makes a difference in our community, and I thank you all for your support of our organization.

**ERIN NICHOLS**

# PRESIDENT'S STATEMENT

Our mission at United Way of Orange County is to unite people and resources to improve the quality of life and build a stronger Orange County. We have a vision to serve as a champion of our community to empower individuals with knowledge and resources to create lasting change.

But how do we do that? In part, we do that in three ways. Give. Advocate. Volunteer.

**GIVE.** For the first time since 2007, United Way of Orange County has reached and surpassed the \$1 million mark in campaign pledges. This was made possible by the support of a wonderful community of corporate partners and individual donors. We make strong efforts to create new connections and build those, as well as our existing relationships. Our supporters are seeing the value of the work that we do to benefit our community.

**ADVOCATE.** We are collaborating with all that we can to make improvements for those who live in our area. We have taken this a step further by outsourcing a community needs assessment. This will be a tremendous resource to be shared with our elected officials, corporate partners, and those who want to help us build a stronger Orange County. This assessment will guide our work to be more intentional about our efforts.

**VOLUNTEER.** We have created more and more volunteer opportunities both for our general volunteers, as well as specific opportunities for workplaces who are looking for something special. We continued our Day of Caring, which is our largest volunteer event and set a record number for the number of volunteers in 2023. We recruited volunteers for Project Backpack and our second year for Project Angel tree. We also had a special Impact Project with Project Sweet Dreams.

In closing, we sincerely appreciate those who support our work with their time, talent, and treasure. We look forward to continuing our agency support through program funding. We are excited about special impact projects that will benefit our community. We will continue to seek out ways to help those in Orange County improve their health, education, and financial stability. And as always, please continue to #LIVEUNITED!

**MAUREEN MCALLISTER**

*President and CEO*
